OSUE and OFGC Grazing Panel

During the OEFFA Conference Exhibit Hall on Thursday, February 11th from 2:00 PM to 3:00 PM, Ohio State ATI students will be interacting with OSU Extension Educators and Ohio Forage and Grassland Council leaders. This hour-long session will start off with a facilitated conversation between students and industry professionals regarding creation of farmstead grazing plans. OEFFA members are encouraged to listen in, offer comments in the chat and post questions to Q&A. Midway through the session, students will select content offered by OEFFA Conference attendees to extend the discussion and hopefully enrich their learning. Please consider being part of this unique experience.

Panel members; Deb Berger, Christine Gelley, Bob Hendershot and Jeff Ramseyer.

Recommended videos for viewing prior to this session. 15 – 25 minutes each.
Mark Sulc – Grazing Management Through the Eyes of the Animal
Mary Griffith – Native Warm Season Grasse Grazing Tour
Clint Finney - Stockpiled Forage Grazing Segment
Christine Gelley and Clifton Martin – Forage Focus: Getting to Know Your Weeds

Optional Poultry Recommended Viewing > 60 minutes each.
Michael Liburn – Organic Poultry – Session 1
Michael Lilburn and Larry Phelan – Organic Poultry – Session 2
